

Exposure 2023 Exhibitions

Welcome to the nineteenth edition of the Exposure Photography Festival!

This year's festival offers an exciting program of exhibitions and events, featuring a wide range of subjects, practices, and explorations of photography and lens-based art. Exposure's 2023 Exhibition Partners present an outstanding lineup of group and solo exhibitions that address diverse curatorial themes. You'll find our partner exhibitions in Calgary, Banff, Canmore, Edmonton, and Frank, hosted in galleries, museums, libraries, local businesses, outdoors and online!

While you're exploring the festival, make sure to visit our Festival HQ at Contemporary Calgary. At Exposure HQ you'll see our curated exhibitions, featuring some of the best local and international artists, and you'll have the opportunity to attend one of our many inspiring and engaging festival events.

The Exposure 2023 exhibition program encompasses over 20 shows and 160 exhibiting artists. The Exposure Board and Team would like to thank all of our Exhibition Partners for their stellar programming. We're thrilled to welcome you to this year's festival.
